Rukh / assembly manual

Rukh / poise brought to life

## Rukh floor lamp

A balance between two materials. The two forms in wood and metal converge to strike a tall and graceful pose. Rukh is poise brought to life.

Teak wood / Brass / Blown glass

## Care Instructions

/ The lamp comprises of brass, solid wood and delicate glass parts with a dimmable blub

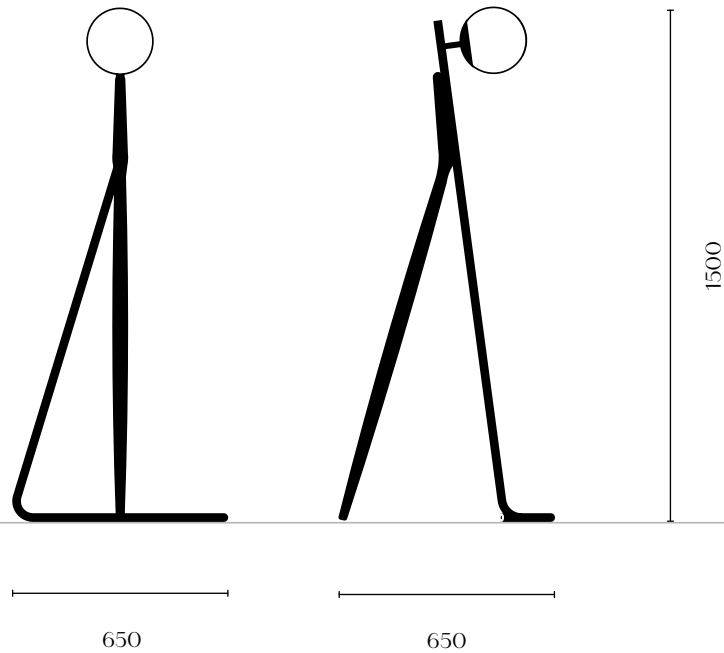

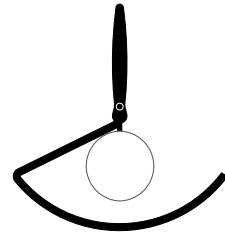

/ The lamp comes with a black floor switch and dark brown cord

/ Always clean the lamp and the globe inside & outside with a clean & dry cloth only

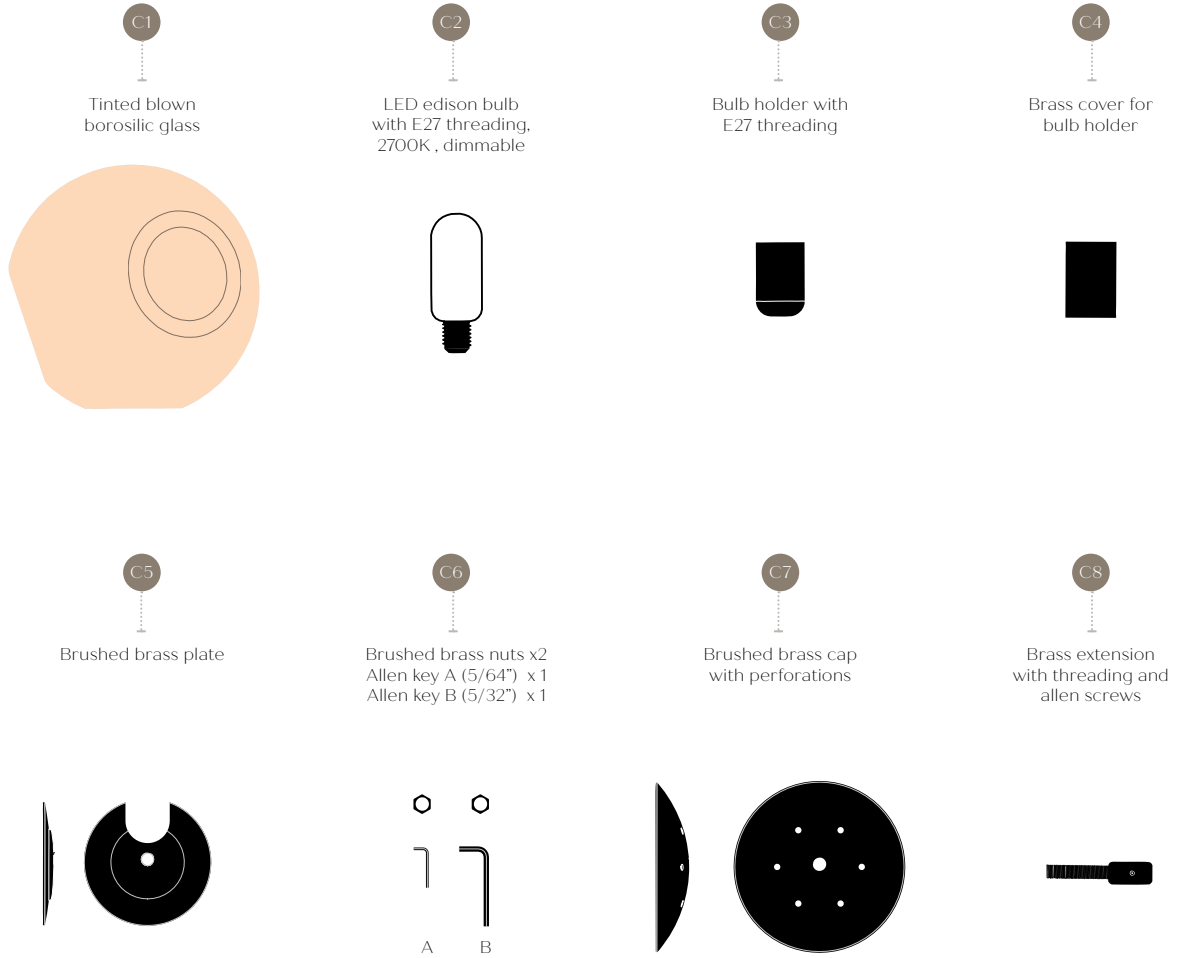

/ Ensure the lamp is on a flat & leveled surface while fixing the glass globe

/ The set of two allen keys that come with the lamp should be kept safely

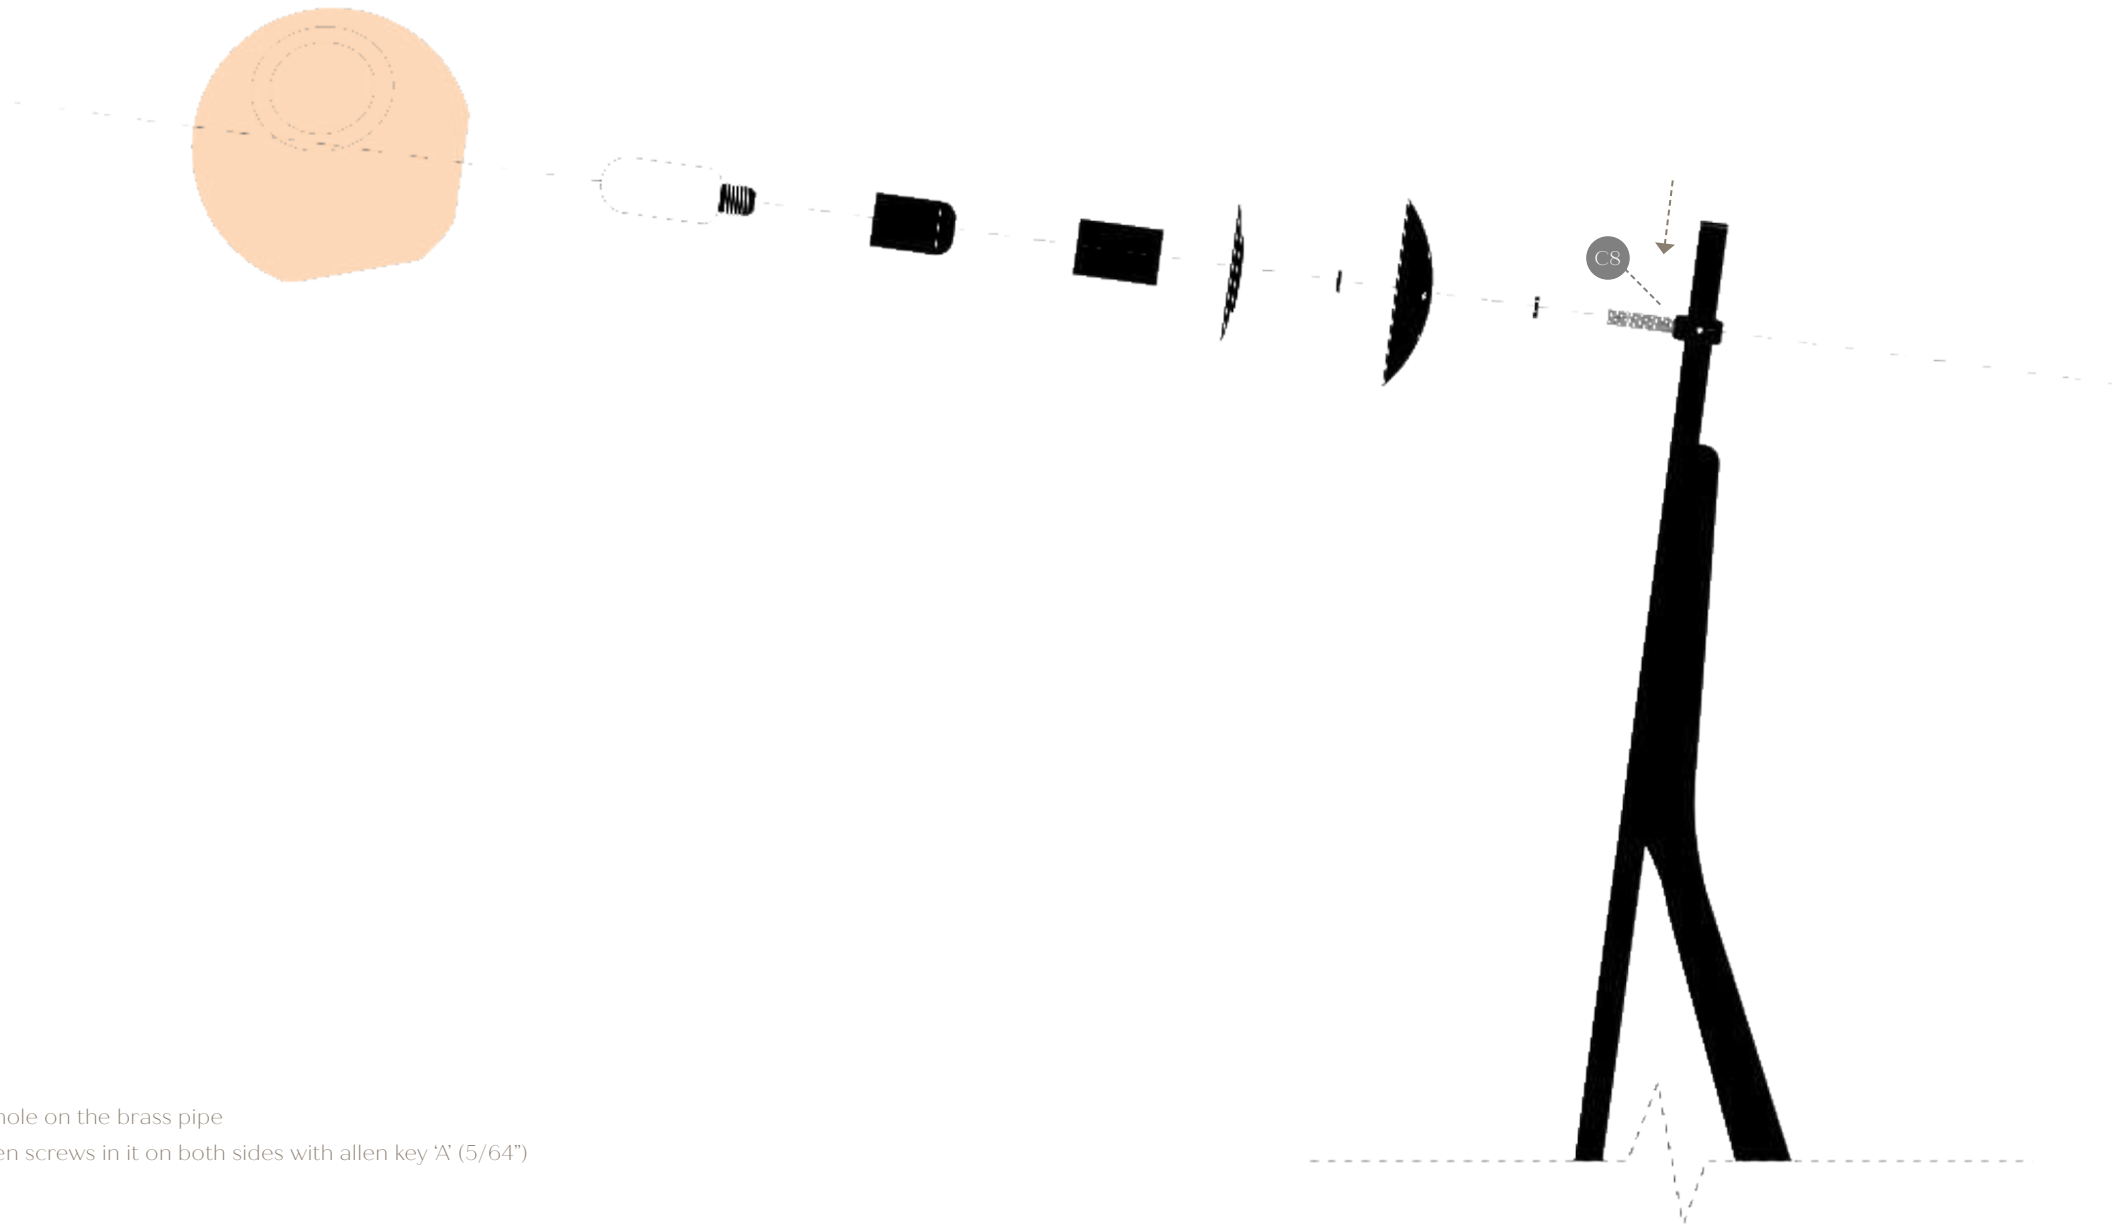

/ The lamp should not be used with extension cables or faulty electrical points

## Components

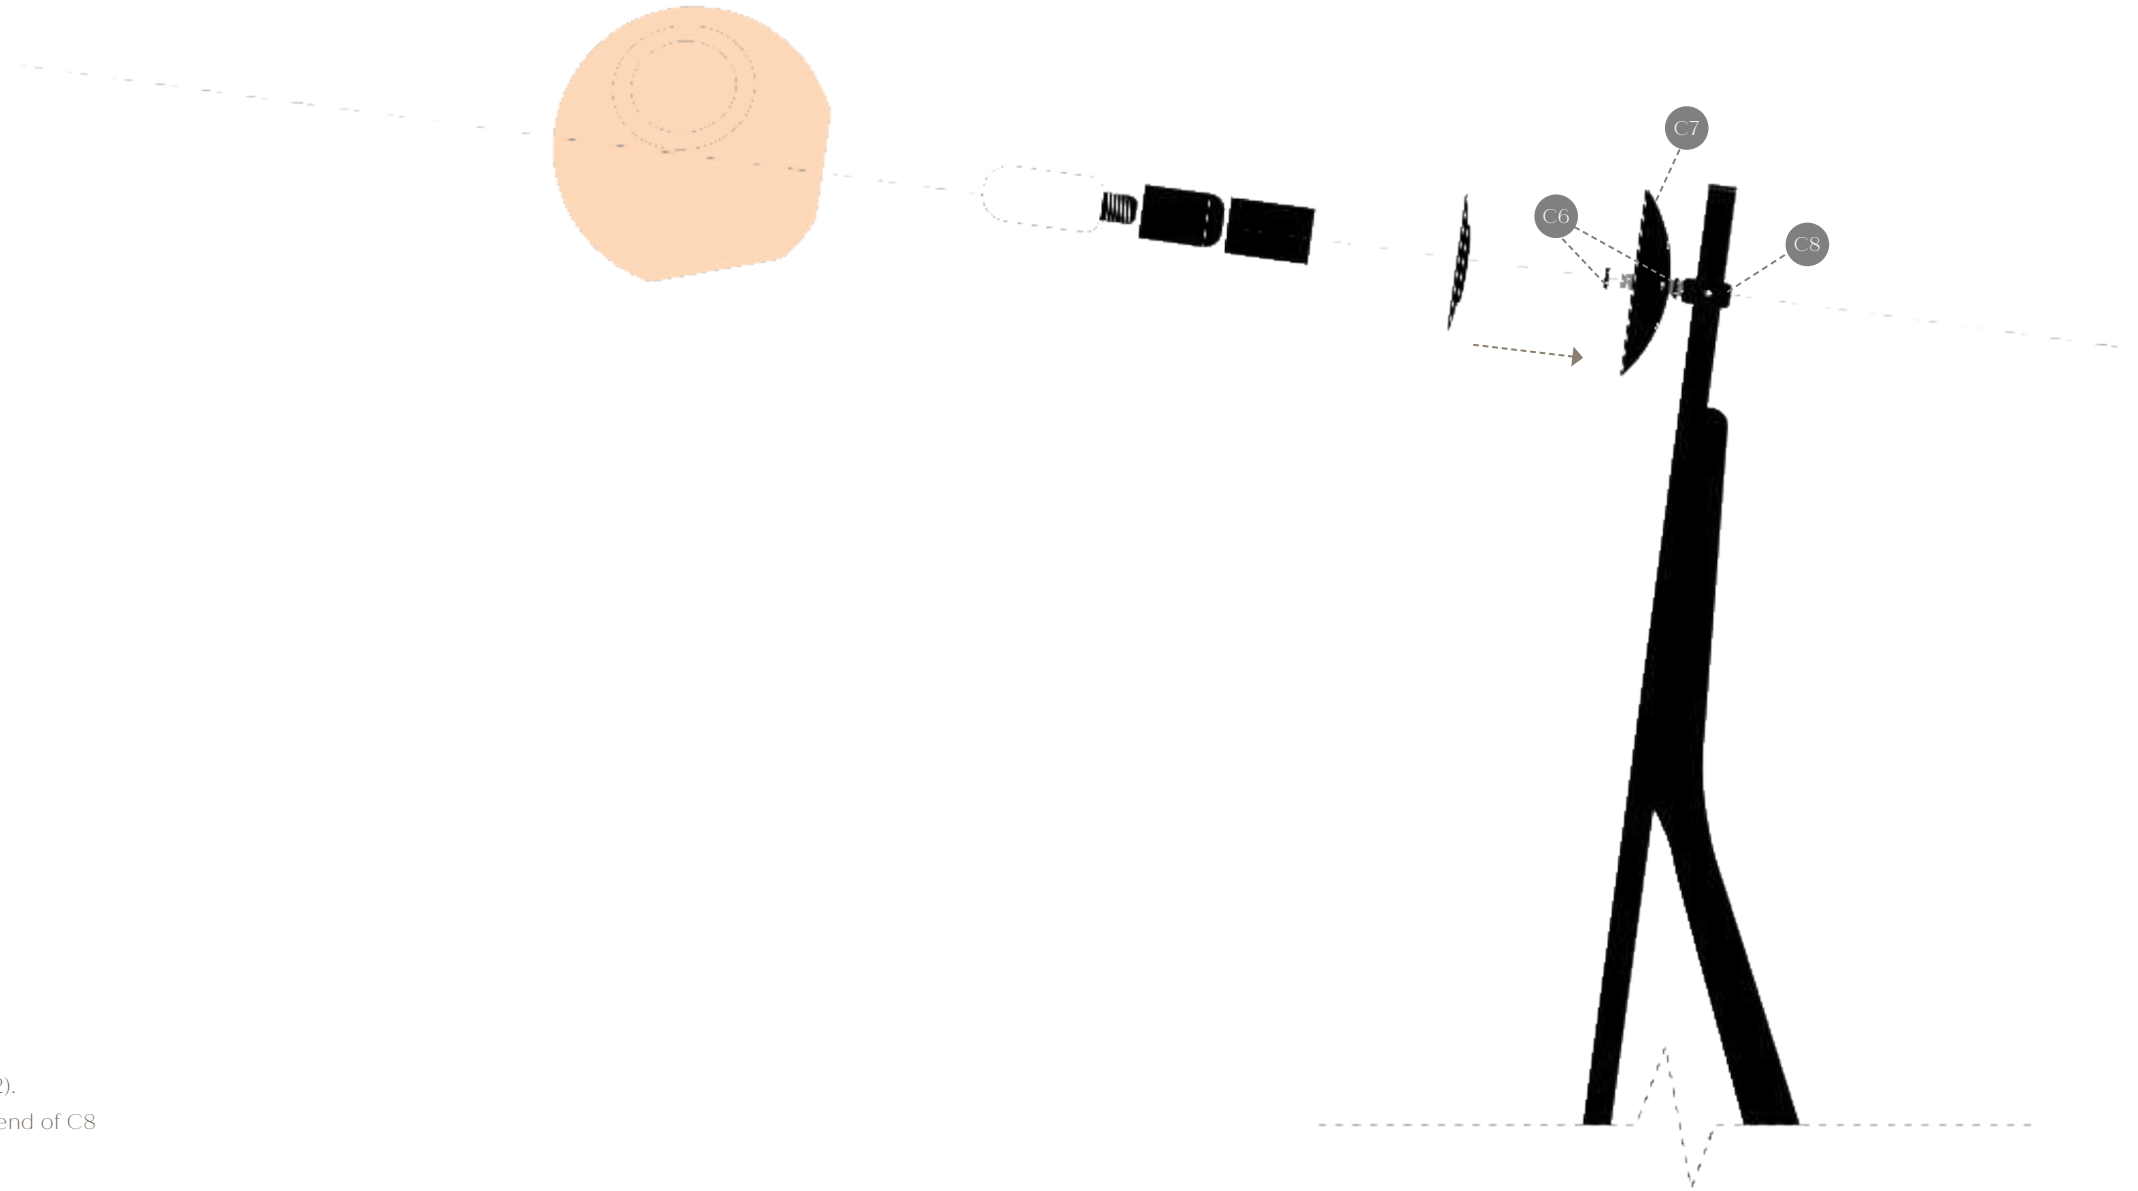

## Step 1

/ Slide and place C8 on the brass pipe.

/ C8 is to be aligned with the wire outlet hole on the brass pipe

/ Fix C8 in place by tightening the two allen screws in it on both sides with allen key 'A' (5/64")

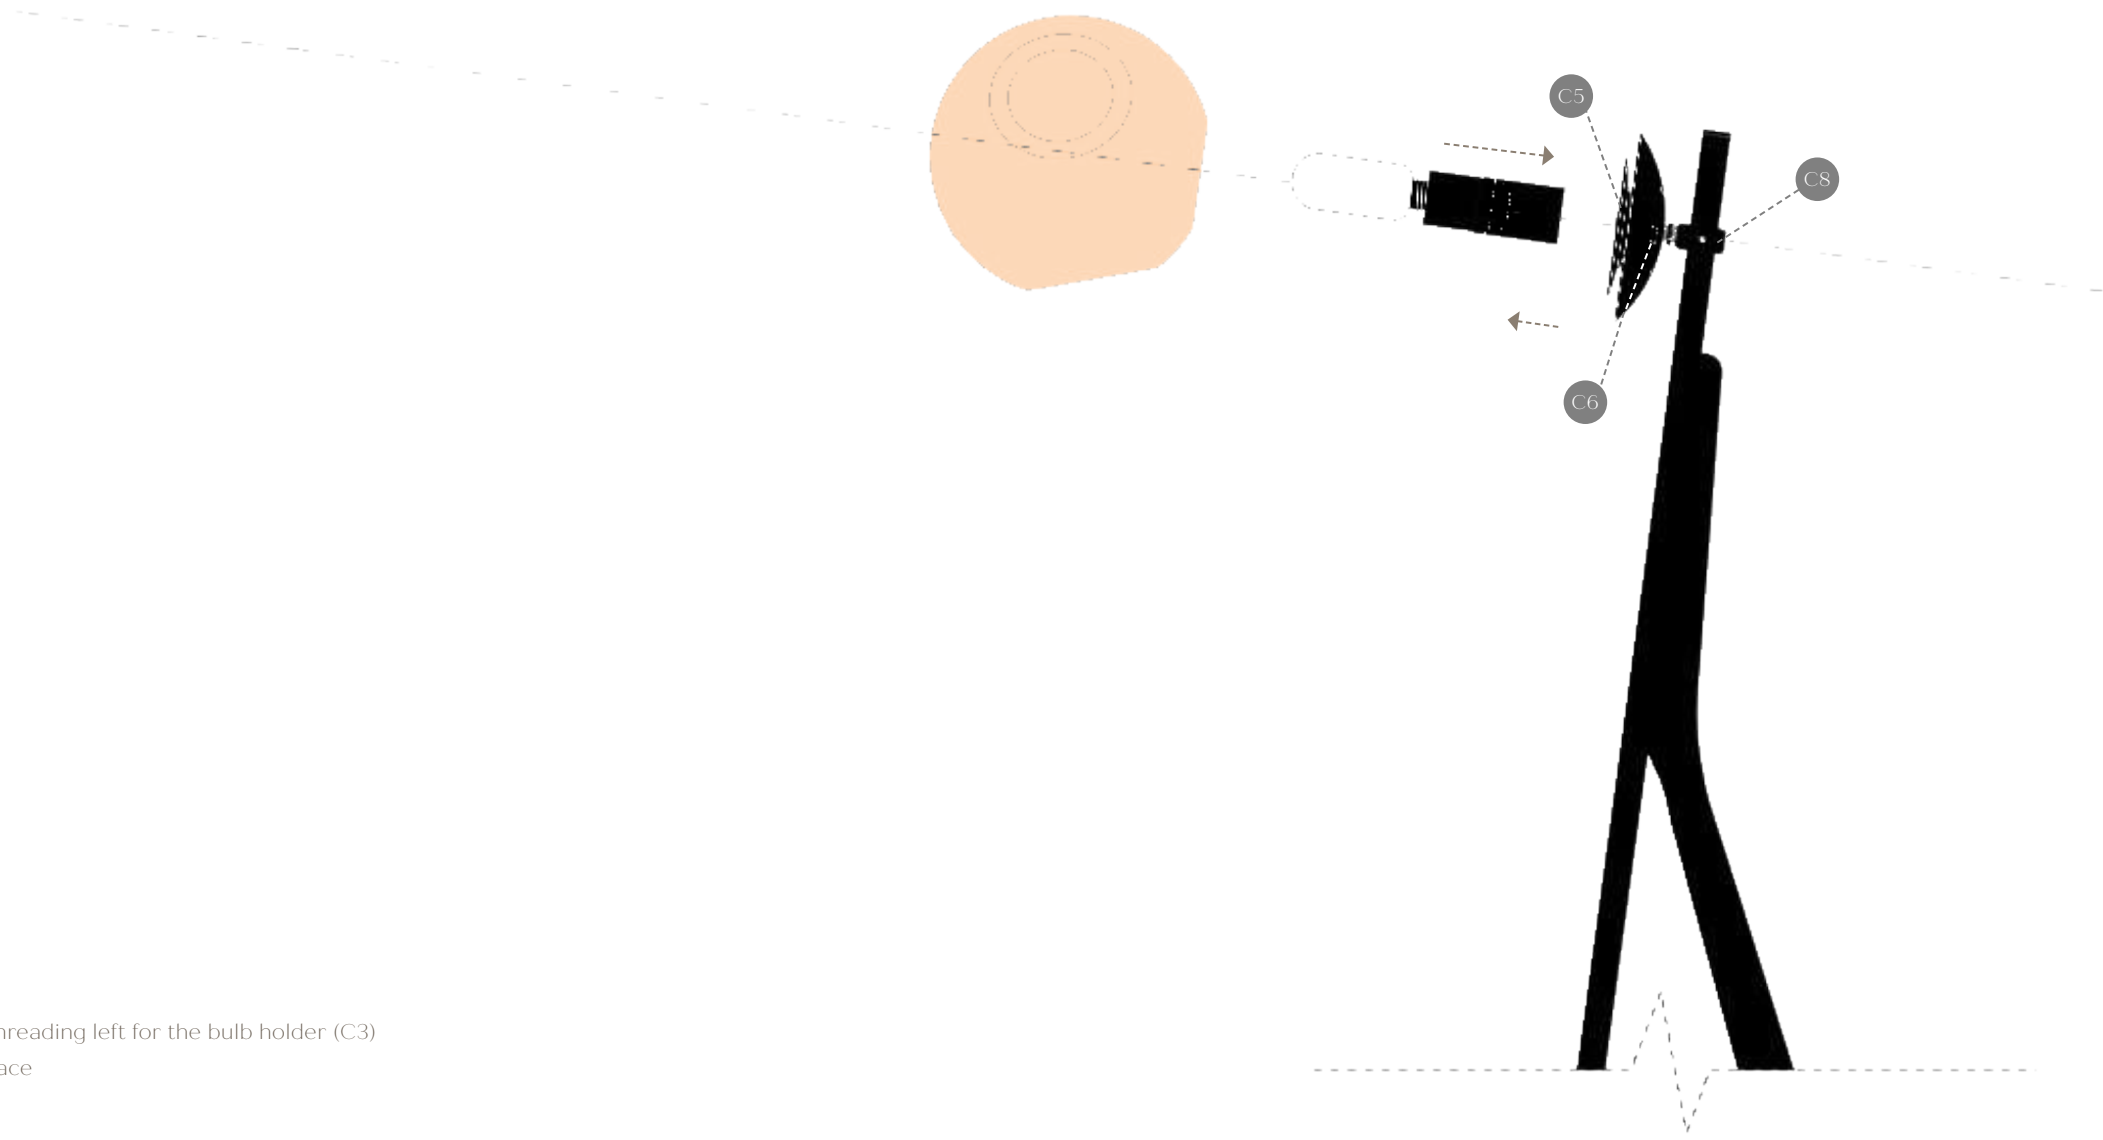

## Step 2

/ C6(1) is first fixed on C8.

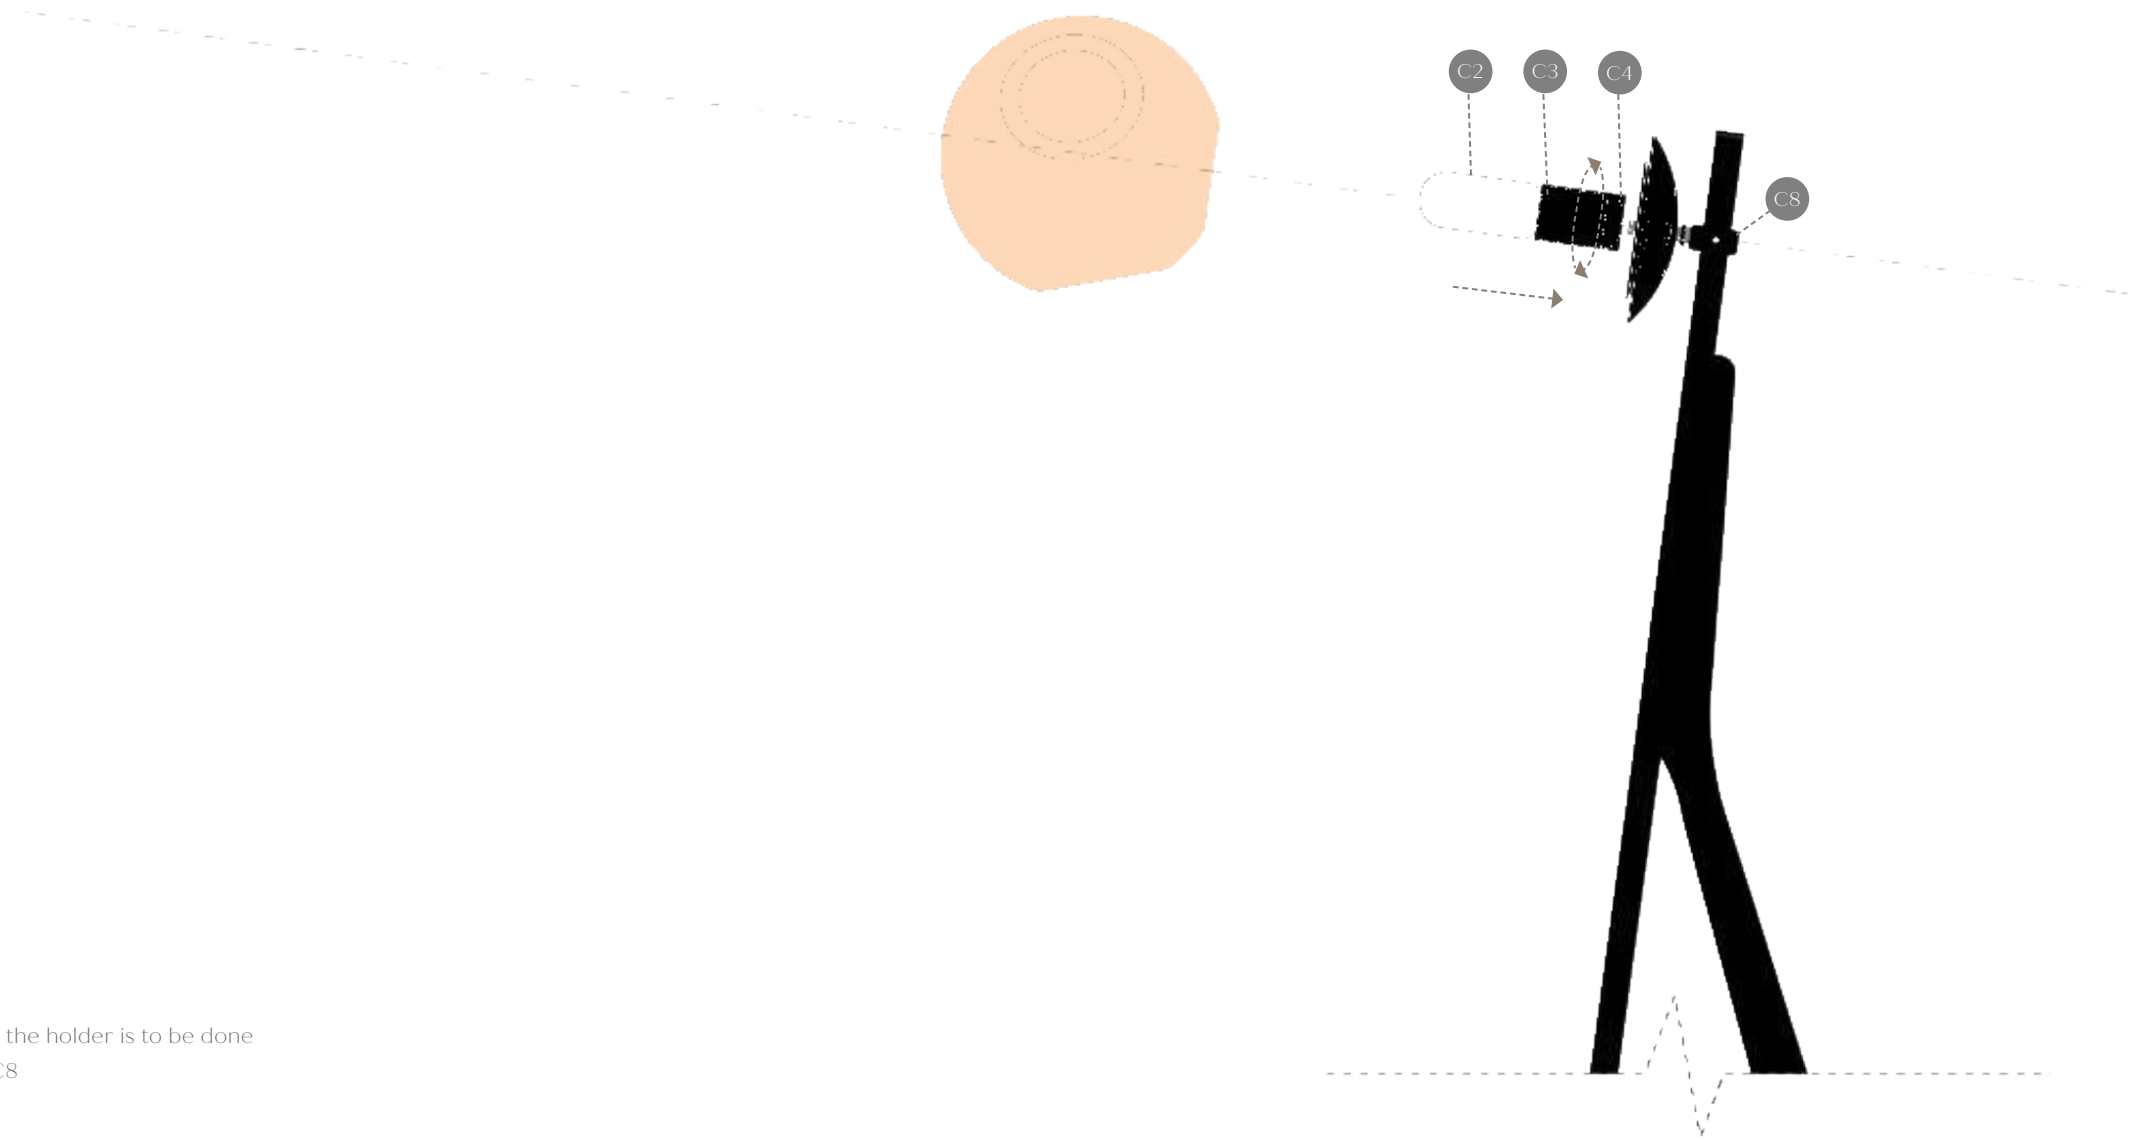

/ C7 is then fixed on C8 followed by C6(2).

/ All three need to be fixed towards the end of C8

### Step 3

- / C5 is fixed on C8
- / C5 is fixed at a point with just enough threading left for the bulb holder (C3)
- / C6(1) is to be tightened to hold C5 in place

## Step 4

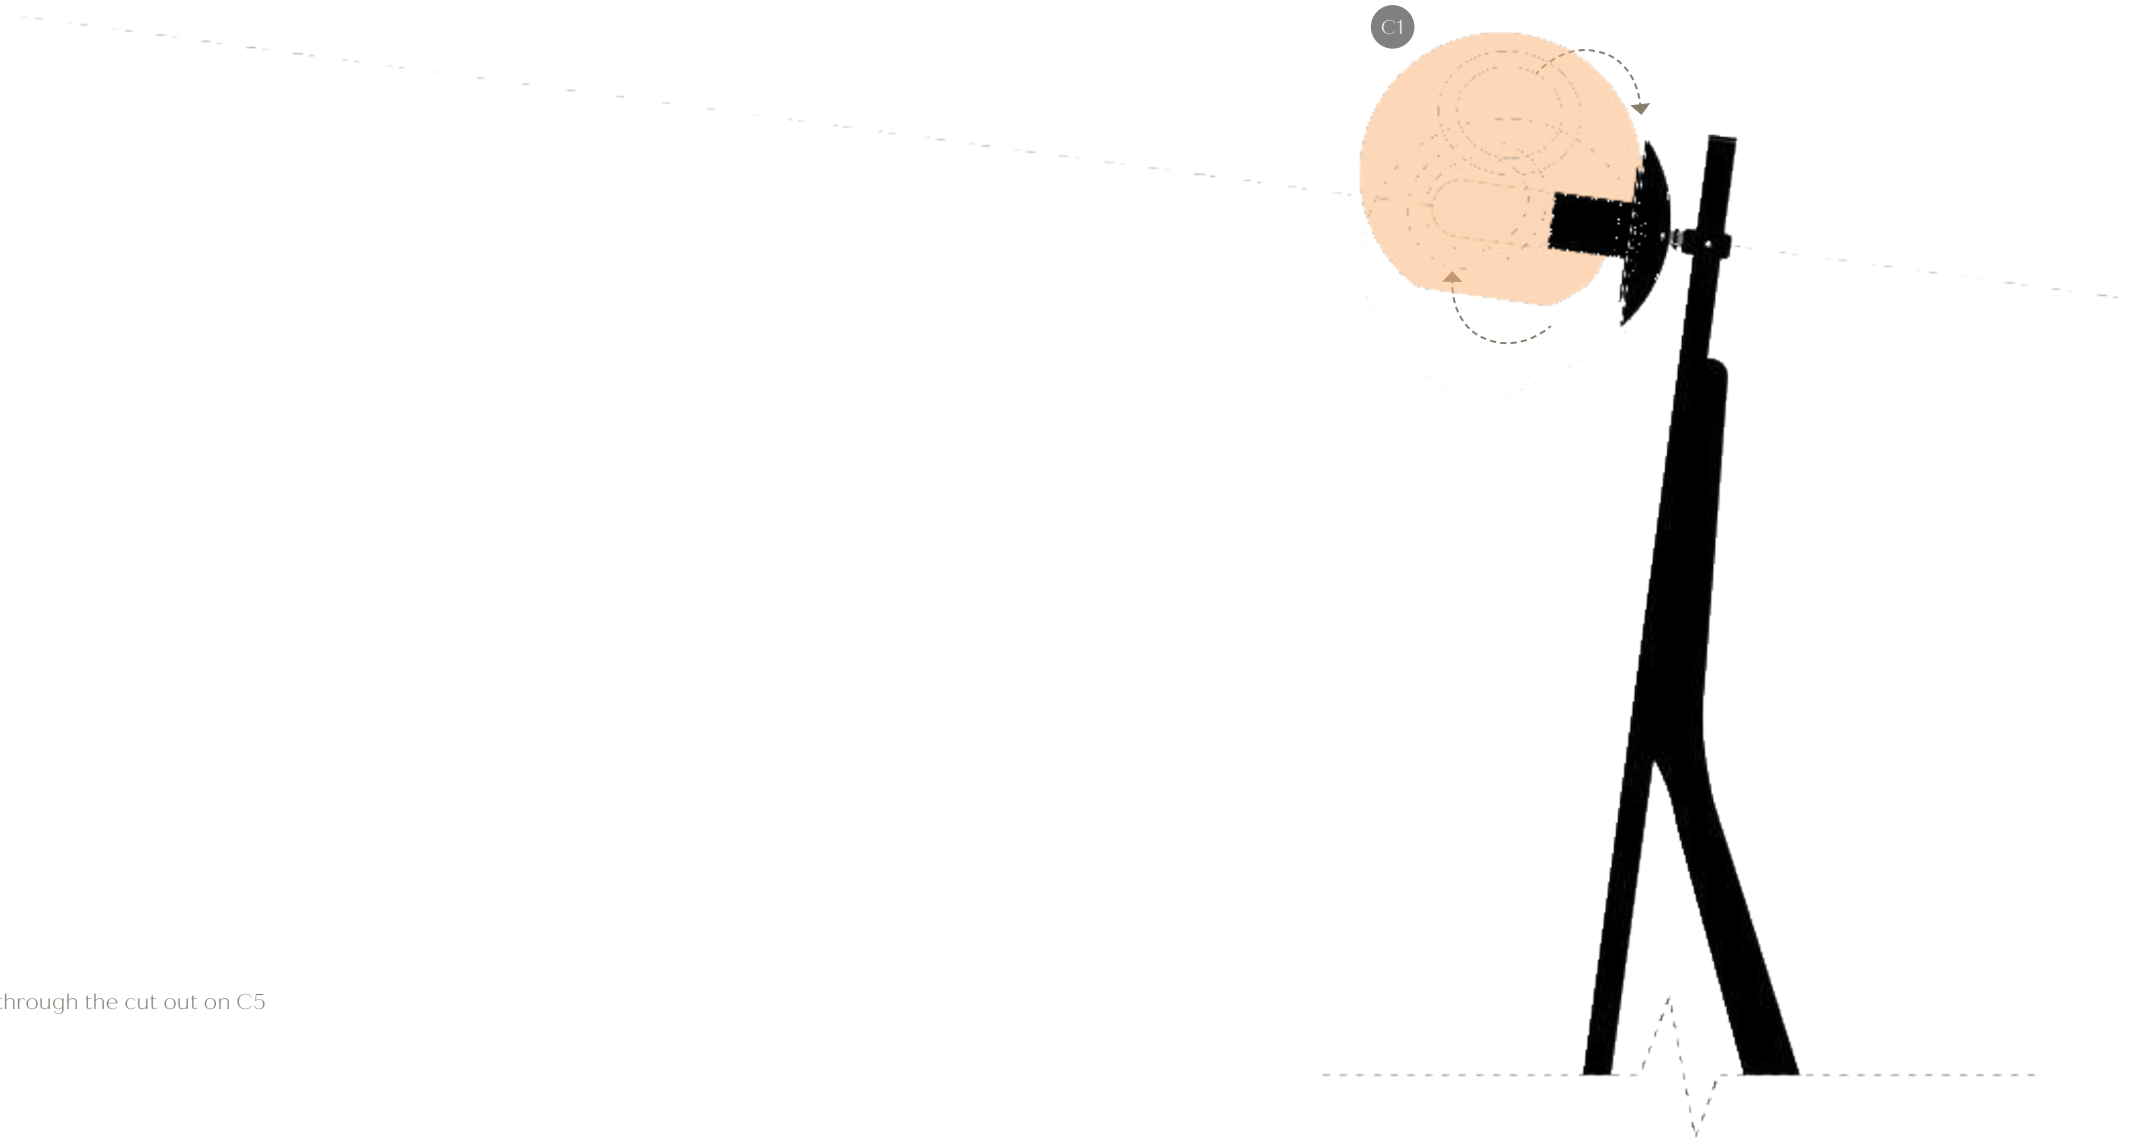

- / C2 is fixed to each other C3
- / C4 is then put on C2-C3 and wiring to the holder is to be done
- / After this C2-C3-C4 is to be fixed on C8
- / C5 & C6 are to be tightened uptill C4

## Step 5

/ C1 is fixed on C5 by twisting the globe through the cut out on C5

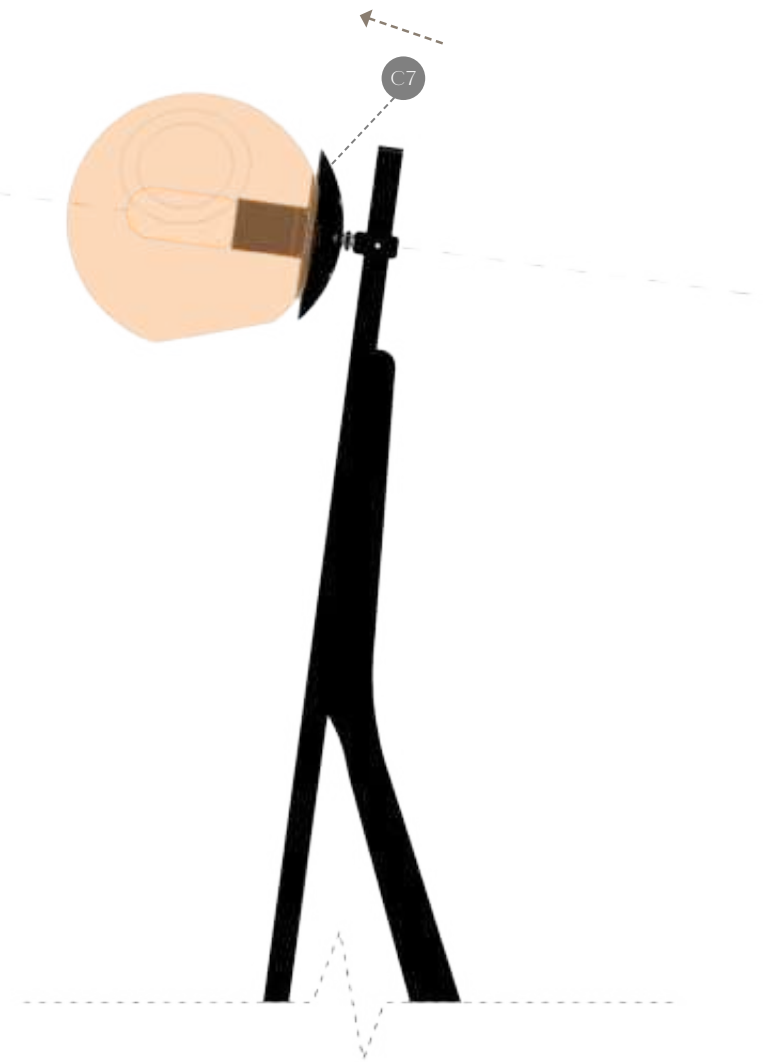

/ C1 needs to sit neatly on C5

## Step 6

/ Once C1 is in place, hold it while moving C7 towards the globe

/ C1 need to be sandwiched between C5 & C7 tightly and fixed by tightening C6(2) to C7

## Step 7

- / Clean the globe
- / Switch it ON and enjoy!!!
