### Design:

Øivind Slaatto

### Concept:

The pendant is a glowing sphere built up of small diamond-shaped cells. Each cell is carefully designed to capture light and to shield the light source from the viewing angles above 45 degrees. Each cell glows. Below 45 degrees, the fields are open to direct light downwards. A small amount of light is also sent upwards to illuminate the ceiling.

### Finish:

White, matt coated.

### Material:

Shade: Cut matt PVC. Suspension: E27: Matt-chromed brass and die cast acrylic. LED: Matt white.

### Weight:

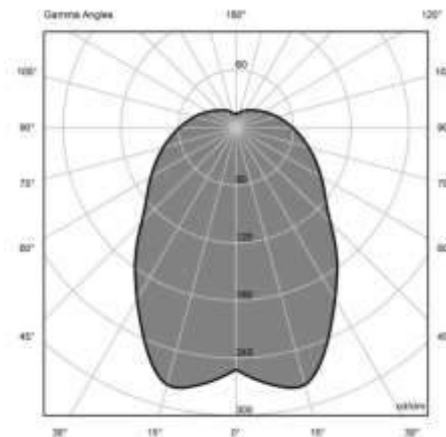

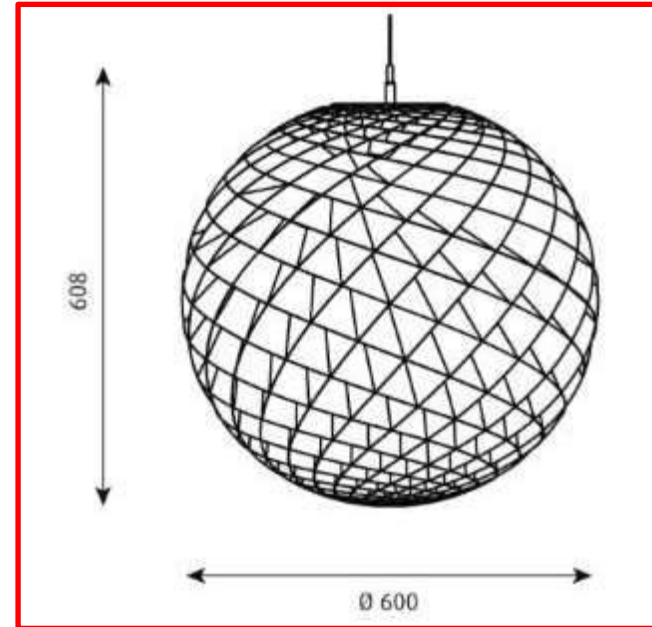

Min: 0.5 kg Max: 12.1 kg

### Class:

Ingress protection IP20. Electric shock protection I w. ground (LED), II w/o ground (E27).

### Lamp Source:

1 x 200W E27

### Dimensions:

Ø 600, Ø 900, 900mm, Ø 450

## Pendants

<b>Design</b>	Louis Poulsen A/S in cooperation with the Navy Buildings Department
<b>Concept</b>	The fixture primarily provides a downward directed soft light by means of the white lacquered inner conical reflector. The outer reflector, the main shade, contributes to directing the light up- and downwards, while at the same time spreading the soft diffuse light. The inside of the main shade is illuminated through an opening in the inner conical reflector.
<b>Finish</b>	White, Dark grey, Red, Green, Blue powder coated or Brass.
<b>Material</b>	Shade: Spun aluminium or spun brass. Suspension: Spun aluminium. Struts: Stainless steel.
<b>Mounting</b>	Suspension type: Cable 2x0,75mm <sup>2</sup> . Canopy: Yes. Cable length: 3m.
<b>Weight</b>	Max. 1,5Kg.
<b>Class</b>	Ingress protection IP20. Electric shock protection II.

<b>Concept</b>	The fixture emits a primarily downward illumination. The perforated pattern on the shade provides a soft illumination around the fixture. Meanwhile, the perforation helps to lighten up the surface of the shade in a decorative way, when it is turned on, thereby maintaining the contour of the fixture, whether it is on or off. The light source is surrounded by an opal diffuser, which ensures that the fixture is 100% glare-free, and that the fixture is suitable for several types of light sources providing the same light distribution and comfort. And finally, the shape of the diffuser allows a beautiful view into the fixture.
<b>Finish</b>	White, powder coated. White, powder coated with coloured foils.
<b>Material</b>	Shades: Spun aluminium. Frame: Extruded grey, anodised aluminium. Suspension: Spun aluminium.
<b>Mounting</b>	Shade: Spun aluminium. Punched and embossed. Suspension: Powder coated die casted aluminium. Diffuser ball: Rotation moulded PP.
<b>Weight</b>	Max. 3kg.
<b>Class</b>	Ingress protection IP20. Electric shock protection II wo. ground.

Louis Poulsen, Denmark

Price – Rs. 29,256/-

Finish: Pink Qty. 1 Nos In stock

Finish: Orange Qty. 1 Nos In stock

### Concept:

The fixture emits a soft and comfortable illumination. The metal version directs the light directly downwards and creates a soft and comfortable illumination due to the inner white painted shade and the reflection from the trumpet shaped stem. The acrylic version leaves a diffuse comfortable light atmosphere due to the colour and the downward reflection from the inner shade.

Taj Mini

Hot on the heels of the success of the Taj LED lamp is the mini version on a smaller scale, more versatile and practical. Mini Taj is a more discreet presence on the scene and is perfect on the night table but nevertheless makes a statement; it comes in a new colour range distinguishing it from its "big sister".

Futuristic and faceted, Cut is an exercise in optics. Its space-age mirror finish when off transforms into a translucent kaleidoscopic gem when on. Hypnotising reflections repeat infinitely within the diamond cut, vacuum metallised interior. Produced in chrome and smoke finishes, short and tall, pendant and surface – these are the latest adventures in our fascination with reflectivity, luminosity and transparency. Cluster for maximum effect. Available as Pendant and Surface Light.

Description

Floor lamp with direct adjustable light made of extruded aluminium coated with liquid paint. Main frame defined by three tubular elements, with an interior ballast at the base and fitted with a non-slip thermoplastic protective foot. On the three main branches, LED boards with independent switches screened with an opaline polycarbonate diffuser. The touch dimmer switch is situated at the lower end of the screen, to turn the lamp on and off and adjust the light intensity. A Teflon seal ensures an easy and durable 350° movement of the three light sources. Black electrical cable. Electronic transformer fitted on the plug. The lamp can be controlled from a wall outlet.

**Crash & Bell Pendant**  
Foscarini, Italy

# Crash&Bell, suspension

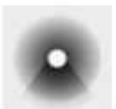

**Description**  
Suspension lamps with semi-diffused and direct down light. Diffuser made of transparent hand-blown glass, the lower half of which is also sandblasted by hand. The two reflectors are made of a slab of aluminium, turned in a steel mould to ply it into shape, and then turned in a Teflon mould to achieve the characteristic stripes. The aluminium colour version is painted matt transparent on the inside and glossy transparent on the outside. The bronze version is painted glossy bronze colour both on the inside and on the outside. Diesel logo silk-screen printed onto the polycarbonats/injection moulded ABS mount, which is vacuum metallised. Stainless steel suspension cable and transparent electrical cable. Ceiling flange with galvanised metal bracket and glossy white batch-dyed ABS cover.

**CHRISTIE PENDANT RISE & FALL**  
ORIGINAL BTC, UK

Cable length may be shortened upon installation.  
This will reduce both maximum & minimum drop  
and reduce the range of movement.

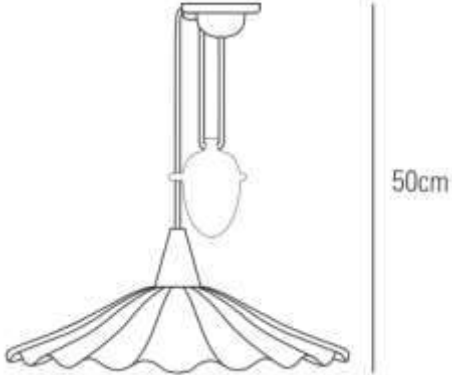

Maximum Drop  
- without altering length of standard cable

Minimum Drop  
- without altering length of standard cable

Minimum Drop  
- when shortening length of standard cable  
while still allowing rise & fall movement

**HATTON 3 PENDANT**  
ORIGINAL BTC, UK

**light&you.** evoking emotions through light.

## HATTON 3 PENDANT

ORIGINAL BTC, UK

Hatton Pendant Lights have intricately beautiful bone china shades. Using highly skilled & labour intensive processes, bone china has been transformed into multi-faceted, symmetrical, gem-like forms. When switched off the lights have an angular sculptural beauty, and when switched on they provide warm, ambient lighting with dramatic lines and shadows. The lights are available in 5 different shade designs. Each has a complementing faceted bone china ceiling rose, with a contrasting black cotton braided flex, providing a contemporary edge. For a truly iconic statement piece, choose one of the Grouping of Three or Triangular Grouping styles.

The Étoile takes its name and inspiration from the dance world. The suspension’s impalpable, graceful shapes take form thanks to our Lentiflex®, available in two sizes fit for private interiors or more dramatic spaces, and a versatile ceiling/applique version. The lamp’s biggest innovation is the new LED Magnetic System®: the patented circuits can be removed with a simple click, even when the lamp has already been installed, and therefore easily substituted. The crystal drop enriches the lamp’s surface and gives balance to the asymmetrical wings, just as the designer desired.

## CANDY RING

The Candy collection builds on the colorful universe of the Campana **Brothers' Sushi** series, but explores and expresses it through glass, a material that has fascinated them since childhood. They found inspiration for this collection in the colorful candies sold in popular markets in Brazil. This initial concept was enthusiastically received by Czech glass-masters, always ready to explore new techniques and visions. The Candy collection includes Sphere chandelier, Ring chandelier and Lollipop table lamp, all conceived and produced in hand-blown glass and metal.

**Dimensions:** Dia 1500 × H 800 mm + L

# NEVERENDING GLORY COLLECTION

The Neverending Glory collection reflects nostalgic emotions. Individual silhouettes transform majestic chandeliers from five of the world's most eminent concert halls and theaters into contemporary design lighting. The collection interprets these lighting icons in a new context to symbolize the prime moments of appreciation and glory. Design lovers can acquire a modern chandelier with a particular memory and take a part of its hidden monumentality and an atmosphere of La Scala in Milan, Palais Garnier in Paris, the Metropolitan Opera in New York, the Bolshoi Theater in Moscow, or the Czech Republic's Estates Theater in Prague, to their living rooms

**CLOVER TABLE LAMP**  
Lasvit, Czech Republic

## CLOVER TABLE LAMP

Lasvit, Czech Republic

The Clover array is a direct descendent of the Super Clover, a large geometric lighting form based upon extensive study of the opportunities presented by creating light sculptures within a mathematical grid system. Clover extracts specific elements from this study to create simple and small usable lighting objects that can use every day in the home. Michael Young, through his collaboration with Lasvit, hopes to bring some of this artistic effort into the personal residence

## FACET 37 PENDANT

As if trying to systematize the chandelier-making tradition, Moritz Waldemeyer took the geometrical shape of the Classic chandelier outline and turned it into a diamond-like hexagonal glass building block. On its own, with just single pendant, or in combination of multiple items into a large chandelier, the FACET components stand out as clear, disciplined and geometrical. The light source included inside every pendant allows the FACET to be universal and almost unlimitedly extendable.

## POLYGON

"Polygon expresses light, glass and the glass-cutter's art in perfect harmony. Combining the traditional shape of a hand-blown glass lampshade with the polygonal network often used in 3D modeling programs, Polygon creates a new and unusual decor with two distinct looks. In the daytime, light gently refracts from its matte surface, while at night the interior

Klaylife Lighting, South Africa

**THE L.I.M CHANDELIER**  
Klaylife Lighting, South Africa

## THE L.I.M CHANDELIER

Klaylife Lighting, South Africa

Price – 1,16,083/-

Qty.1 No In stock

The L.I.M is our most minimal clay beaded chandelier, for those who prefer modern pendant lighting and clean lines. Available in a range of colours and our most popular ombre colourway, which packs the ultimate pendant punch. With each clay bead hand rolled, kiln fired, then dip dyed before being strung onto a wrought iron frame, this minimal chandelier is designed for those who prefer a clean, modern aesthetic.

Each clay bead is hand rolled, kiln fired, then dip dyed before being individually strung onto a wrought iron frame.

- Minimal design, clean and simple
- Available in sizes Small - Extra Large
- Choose between solid colour or ombre (in either our signature colours, or create your own!)
- Handmade in Africa by a beautiful community in Kwazulu Nata

All designs are wired and conform to all international electrical standards. Globes are not included.

light&you. evoking emotions through light.

## MATERIALISM CANDLE GIFTSET

Tom Dixon, UK

The Materialism Giftset is a multifaceted collection of candles in miniature format featuring the latest additions to our Materialism collection: Terrazzo and Cork, alongside Stone, Alloy and Oil. Materiality is an underlying theme in all our work, from the rawness of cast metals and precious stone to the surface possibilities of vacuum metallised plastics or the malleable quality of molten glass. Materialism gives an extra tactile dimension to the objects we mould, carve and cast, creating a synergy between container and scent in Cork, Terrazzo, Stone, Alloy and Oil.

**SWIRL BLACK & WHITE CANDELABRA**

Tom Dixon, UK

**light&you.** evoking emotions through light.

## SWIRL BLACK & WHITE CANDELABRA

Tom Dixon, UK

Swirl is a series of geometric forms stacked upon one another to create multi-dimensional, functional sculptures. The unique process involves recycling the powdered residue from the marble industry, mixed with pigment and resin to create blocks of material that can then be sawn, sliced and turned on a lathe. Substantial in weight, smooth in texture and bold in pattern, Swirl will inject a fresh pop sensibility into any setting. Hand cut and turned on the lathe. Due to the nature of the pigmentation, each piece features a unique pattern due to the pouring process.
