7521 Ship's Hook Light

7523 Ship's Well Glass Table Light

With roots dating back to the shipyards of nineteenth century London, Davey Lighting combines industrial design, traditional craftsmanship and the finest raw materials. Authentic and unique, lights are manufactured in England with the same attention to detail required for their original industrial purpose. Simplicity of design and choice of finish, including weathered brass and copper, polished aluminium and galvanised cast iron, make Davey lights equally suited to traditional or contemporary schemes.

LAMP GUIDANCE			
BASE	SHAPE	TYPE*	WATTAGE**

E27	GLS BALL	LED ✓	7W

\* Warm white (2700k) low energy lamps recommended.  
\*\* Wattage value provided as a guide to suitable lamps. Lower wattage than stated may be used.

## Safety Instructions

These instructions are provided for your safety in order to prevent the risk of Fire, Electric shock or Injury. Please retain for future reference. When fitting is in operation, some parts will become hot; take care when using/handling.

- Ensure the lamp type and max wattage is followed- do not exceed. Take care not to overtighten lamp.
- Do not touch the lamp (bulb) or lamp holder while in operation, as both become very hot.
- Turn off and unplug fitting, leaving lamp to cool before changing lamp. Dispose of old lamps carefully.
- Adjust light fitting only when power to the fitting is off and has been left to cool.
- Never leave a fitting without a lamp in position.
- Keep light fitting away from combustible materials such as soft furnishings.
- Ensure children do not play with the light fitting.
- Ensure the light is positioned on a solid, level and non-slip surface and make sure the position of the cable does not pose a trip hazard.
- If the electrical flex or electrical components become damaged at any point, the fitting must be unplugged from the power supply immediately and not operated until the damaged parts are fixed/replaced.
- For use in a dry, indoor environment only. Ensure the fitting does not come into contact with any liquids.

## Cleaning and Maintenance

Metal finishes should only be cleaned with a soft, dry cloth. Do not use polishes or abrasives. Switch off power to the fitting before cleaning. Spare parts are available for this product, please see contact details on the reverse.

## Assembly

Your lamp should arrive fully assembled. Remove guard and glass by unscrewing from pan, then insert light bulb, before screwing back in(ensuring gaskets are in place). Guard must be securely screwed into pan, but not overtightened. Plug in and your lamp is ready for use.

## Important Information

Switch off at mains before changing the light bulbs. Never fit a bulb of greater wattage than recommended. Children should be discouraged from playing with light fittings. Dispose of old bulbs carefully. Never leave a fitting without a bulb in position (or someone can accidentally touch the contacts). Metal finishes should only be cleaned with a soft, dry cloth. Do not use polishes or abrasives. Retain for future reference.
